FOUNDER'S NOTE

Dr Mahantesh GK

Founder Managing Trustee, Samarthanam Trust
President, Cricket Association for the Blind in India

Since the beginning of the New Year, Samarthanam has been buzzing with events, blind cricket matches, new launches, inaugurations and meetings. Samarthanam was able to touch the highest financial records in the last one year and I am thankful for the united efforts of supporters, sponsors, donors, Government and Samarthanam team. With your support we look forward to continuing to deliver our services to the society.

This quarter, a few of our ventures and projects have come to a completion and we are very proud to have launched them alongside people who have been instrumental in making them possible.

Samarthanam Bhavan is our second Barrier-free construction, next to Samarthanam School. Strengthening our vision of building an inclusive society, our sponsors have majorly backed us in the making of an accessible facility for the disabled and the elderly. Thank you Morgan Stanley, and other corporate supporters for helping us in presenting a specialized facility for our beneficiaries. Cricket for the Blind is one of our primary interventions, and this quarter, the Nagesh Trophy and the National Blind Cricket Conclave, both supported by IndusInd Bank, were the two big events organized by CABI and Samarthanam. The State teams gathered to play the National Blind Cricket Tournament and it proved to be an exciting experience for the players and audience. Congratulations to the winners and participants for a beautiful game of cricket after long. The National Conclave was the next big event which laid the stage for discussions, ideas, collaborations, and future plans for blind cricket.

While various other projects were being implemented like Tab distribution for higher education students and LRC trainees, Digitalization of public schools, regular classes at school and skilling centres, Samarthanam's efforts at supporting the COVID affected sectors is also actively progressing.

It has been nearly more than one year since India and the world has been hit by the COVID pandemic. It has been a tough life with many alternations, adaptations, and changes in our everyday routine. With the active vaccination campaigns being run by the Government, we are very positive that this will be the end of COVID. We will still have to follow the rules of social distancing, use of sanitizers and masks, despite being vaccinated.

Samarthanam, as a responsible organization working towards societal welfare, kept its COVID Relief Campaign active all through the year. Dry ration, PPE, Health kits, RtPCR, Masks, Sanitizers, and other medical needs were given away to people who were in dire need of them. I profusely thank our supporters who helped us in carrying out our relief programmes across the country. It would not have been possible on our own.

I would like to thank my amazing team whose dedication and hard work is taking Samarthanam in the right direction. Thank you.

STORIES OF CHANGE

MANOJ KUMAR

“I had to face many troubles and hurdles through my childhood,” says Manoj. “But I did not give up. I have to achieve what I want to, and I will.” These are the words of Manoj Kumar, a Visually Impaired individual who had lost his parents at a very young age. Manoj hails from Hospet District of Karnataka and has been taken care by his maternal uncle during his childhood. After completing High School with a good score, he wanted to continue studying. But unfortunately, the financial crisis did not allow him to pursue his dreams. When he finally thought that it was the end of the road, a few of his friends mentioned Samarthanam to him.

Manoj came to Samarthanam after hearing about the Higher Education Programme and after speaking to the Co-ordinator about the facilities and support given to differently abled students, he knew that he could begin again. “It was a turning point in my life,” says Manoj. He became a part of Samarthanam Dharwad family and received tuition support for pursuing his study at the prestigious JSS PU College, Dharwad. Manoj also received free accommodation, food, library, educational needs, scribe and volunteers support, access to audio books, and everything that would immensely help him accomplish his goals. In the year 2020, Manoj completed his PUC II Year (Arts) from JSS PU College with an excellent academic score of 92%.

“We are proud of his achievement. Manoj made entire Samarthanam and his peers very proud of him. We believe that people like him are an inspiration,” says Manoj’s Co-ordinator. Manoj is a true example to other differently abled students to believe that any disability can be beaten with a strong will to pursue your dreams. Manoj also gained proficiency in Computers at Samarthanam and has been a part of many programmes at School & College Level, receiving many awards.

He is currently pursuing Bachelor of Arts in JSS College, Dharwad and aspires to be a KAS Officer. We wish him the best.

LATHA

“I had a lot of problems with my family in terms of adjustment and I wanted to make a life of my own,” says Latha, a 23 year old woman from Bangalore. Latha has been facing many domestic issues at home and wanting to find a solution, she went to an organization supported by Women and Child development, Bangalore. Samarthanam’s Swadhara and its services were explained to Latha. She was not a confident individual when she stepped into Samarthanam. She was nurtured, provided with food, safety and shelter, and was later counselled by experts. After staying at Swadhara for almost 2 years, there is a definite change in Latha’s demeanor. Identifying her interest in tailoring, she received training in the same.
